A

1. ABANDONED MATCHES

- 1.1. The definition/classification of an abandoned match will ultimately be determined by FFNC after an assessment is made of the circumstances made known to FFNC that a match did not proceed to extinguish its normal allocated time as a consequence of any reason.
- 1.2. The Referee must abandon a match under the following circumstances:
 - (i) A serious violent incident occurs on the field of play, or in the immediate vicinity of the field, involving four (4) or more participants engaging in serious violent conduct (e.g. All in brawl);
 - (ii) One or more persons invade the pitch and engage in, or promote violent, offensive or threatening conduct.
 - (iii) A match official is physically assaulted;
 - (iv) A serious physical threat is made against a match official;
 - (v) Where there is a serious threat to maintaining a safe environment due to conditions or circumstances at or within the vicinity of the fixture/venue.
- 1.3. FFNC will have ultimate authority to consider what decision(s) are appropriate in circumstances where a match is halted for a period that extinguishes a significant period of play (or ultimately means that the game is unable to proceed) due to reasons, (but not limited to), light failure, storm, player injury. This will include a decision about re-scheduling the match, or to record the score as it was at the time of play ceasing (or failing to commence) or to record as a NIL all draw or any other variation as determined by FFNC.
- 1.4. Factors considered by FFNC will include the duration of play that has expired, duration that would have been left to play, score line and any other matters considered relevant.
- 1.5. In the event of a match being abandoned by the match official(s) for reasons of violence, a Code of Conduct and Ethics process will proceed and the finding(s) made will be binding.
- 1.6. Where both teams are held responsible for an abandoned match (for any reason) by the Competition Administrator, the abandoned match shall be voided and not replayed. Such a situation will typically ignite a result of 0-0 being recorded however NIL points being awarded to either team.
- 1.7. Notwithstanding decisions made as a consequence of a Code of Conduct and Ethics process, FFNC is authorised to make a decision(s) in response to an abandoned match (for any reason) in the role of Competition Administrator.
- 1.8. If an abandoned match is classified as a forfeit as a consequence of ONE team being deemed responsible for the match being abandoned, THREE (3) match points (and THREE (3) goals) shall be awarded to the opposition team. Where both teams are held responsible for an abandoned match (for any reason) by the Competition Administrator, the match shall be voided and not replayed.
- 1.9. Goal scorers will be recorded in response to the assessment by FFNC of liability by either/both teams to the match being abandoned.
- 1.10. If the Competition Administrator decides that the match will be replayed, the match officials will be paid for the abandoned match and also if the same match is rescheduled. Clubs are liable for such costs.
- 1.11. If a match is abandoned, a suspension (I.e. one match component) is only considered to be served if the team to which the suspended participant belongs is not responsible for the facts that led to the abandonment.
- 1.12. A Yellow Card issued during an abandoned match will be annulled if that match is replayed and upheld if that match is not replayed.
- 1.13. A Red Card issued during an abandoned match will be upheld, regardless of whether the match is replayed or not.

DISCLAIMER; FFNC has the authority to amend or delete any component of Competition Regulations or Procedures, as and when it sees appropriate. Such variations shall be immediately binding on all members and participants within its jurisdiction

B

8. BORROWED PLAYER

- 8.1. A Borrowed Player is a player who is otherwise eligible and who participates in any higher graded competition team other than the one that they are registered/listed to participate.
- 8.2. The purpose of providing scope for teams to use borrowed players, is for reasons including (1) Supporting team numbers in response to injury, illness or unavailability (2) Providing more opportunities for players to participate in a higher competition and (3) Creating a mechanism to review player grading in the early stages of a season.
 - (i) The notation 'BP' must be written against the name of any player who participates in a higher competition.
 - (ii) The 7-Up Rule means that a player who is listed on the SAME grade/division/league a "seventh time" during the pointscore season, will be re-graded UP to the higher competition team.
 - (iii) Any junior player who is listed on a match sheet in the same higher junior grade/division more than six times during the pointscore competition will be re-registered to that higher junior grade/division team;
 - (iv) Any junior player who is listed on a match sheet in the same senior league more than six times during the pointscore competition will be re-registered to that senior team;
 - (v) Any senior player who is listed on a match sheet in the same higher league more than six times during a pointscore competition will be re-registered to the higher league team;
 - (vi) A re-grading as a consequence of the 7-up Rule will mean that a player is immediately ineligible to also participate in any lower league/grade in which they had previously been eligible;
 - (vii) The number of matches included in the 7-Up Rule, is determined within the pointscore season and does not include Finals Series fixtures.
 - (viii) The impact of the '7-up rule' is otherwise applicable at the sole discretion of FFNC, noting that the 'same' players are not used to participate as a borrowed player in multiple leagues on multiple occasions, if it is considered to take unreasonable advantage of the 'spirit of using borrowed players';.
 - (ix) The 7-Up Rule does not apply to MiniRoos players, however the participation of a MiniRoos player (e.g. 10 year old participating in a 12's team) should be considered carefully and should not be a common option. MiniRoos players should ordinarily participate in a MiniRoos team that they are age-eligible.

8.3. Junior Competitions (Mixed gender and girls)

- (i) A junior player can participate in a junior competition that is “up to a maximum of TWO (2) years” above their normal eligible age ** (***) If an exemption is granted for a junior player to participate in a junior competition as an OVER-AGE player, the player is prohibited from subsequently also participating in any older age junior competition (or senior league) in the same season.
- (ii) The match sheet must be notated with “Borrowed” or “BP”, or by notating the players registered/listed competition against their name for the relevant matches.

- (iii) Written submissions/evidence from member clubs and
- (iv) Any matters determined as being relevant by FFNC.

9.4. Each year, FFNC will consider:

- (i) the number of Clubs capable of competing at any level; or having the potential to do so within a reasonable time frame;
- (ii) the need for strong, viable and attractive competitions;
- (iii) the need to adequately cover the major population centres of the Zone and surrounding areas; and
- (iv) any factors which the Zone deems relevant in the circumstances of delivering reasonable outcomes for the game within this region.

9.5. Senior Leagues

- (i) A maximum of TEN (10) teams * will ordinarily be accepted in each individual SENIOR league, with a maximum of 18 rounds (18 games per team) to ordinarily apply in the point score competition.
- (ii) (*) FFNC has absolute discretion to determine the numbers of teams that form each league.
- (iii) A minimum of FOUR (4) teams will be considered in any one senior league.

DISCLAIMER; FFNC has the authority to amend or delete any component of Competition Regulations or Procedures, as and when it sees appropriate. Such variations shall be immediately binding on all members and participants within its jurisdiction

- (iv) FFNC will consider reasonable formats to deliver logical competitions within constraints that include a finite period of weeks each season;
- (v) If a suitable number of teams cannot be achieved in any league, FFNC may create a combined league for any part of or for the entirety of the season (e.g. a combined Men's League 1/2);
- (vi) The ranking of leagues will apply as follows (*subject to team nominations received);

Men's leagues (by descending ranking)

- (iii) A maximum of 14 pointscore games for each team in each junior competition will ordinarily apply regardless of how many teams exist in any given competition;

9.7. Promotion and Relegation

- (i) Promotion and relegation shall apply between senior leagues at the discretion of FFNC.
- (ii) The general principle is that clubs that have a team that finish in the “top 2” of a league will ordinarily be promoted to the next relative highest league in the following season. Promotion (i.e. grading upwards) is based on a broad assessment of teams from each respective club. Grading of players is fundamentally a club responsibility, noting that the grading of teams can create a “shuffle effect”. For example, a club team promoted may have the impact of keeping a second club team in a higher league than which it would appear suited. A club is not permitted to have more than one team in any one senior league.
- (iii) Conversely, the general principle is that clubs that have a team that finish in the “bottom 2” of a league will ordinarily be relegated to the next relative lowest league in the following season.

36 MERCY RULE

- 36.1 FFNC introduced a 'pilot' component within its competition regulations in 2024, called a '**Mercy Rule**'. This is retained in 2026.

This means that the maximum score recorded in any competition fixture in 2025 (i.e. ages 12 to seniors), will be a differential of TEN (10) goals.

The basis of this regulation, is to demonstrate that grassroots football, can be about winning matches, but should not be about humiliating opposition players and teams. The concept of a mercy rule might be a new concept for our code, but it exists in various sports, including AFL, Baseball, Basketball, Rugby League and Netball.

If a score differential of TEN (10) is reached, the match can continue (as a friendly), if both teams wish to do so. Regardless of what occurs after the score differential threshold of ten has been reached, FFNC will only recognise the score as it was at that point of the match. We make it known that any yellow or red cards issued (at any time during the normal allocated duration of the match), will remain valid and a team cannot 'forfeit' a match to circumvent the mercy rule being imposed.

37.2.2 (*) Age-eligible includes participation in a MiniRoos team/pool that is up to a maximum of TWO (2) years above the child's eligible age.

37.2.3 This means that a player who turns 8 in the current calendar year can participate in Ages 8, 9 or 10 (unless the child has been given an exemption by FFNC to participate in Grade 7 as an over-age player. In that case, the child is limited to participating in Age 7)

- 42.3 If a player is pregnant there shall be no manipulation verbally by the opposing team or her own team concerning the condition of that player. If such evidence is found of such manipulation, the offending player will be prohibited from further participation in the relevant season.

43 PROMOTION and RELEGATION

- 43.1 Promotion and Relegation
- 43.1.1 Promotion and relegation shall apply between senior leagues at the discretion of FFNC.
- 43.1.2 The general principle is that clubs that have a team that finish in the “top 2” of a league will ordinarily be promoted to the next relative highest league in the following season. Promotion (i.e. grading upwards) is based on a broad assessment of teams from each respective club. Grading of players is fundamentally a club responsibility, noting that the grading of teams can create a “shuffle effect”. For example, a club team promoted may have the impact of keeping a second club team in a higher league than which it would appear suited. A club is not permitted to have more than one team in any one senior league.
- 43.1.3 Conversely, the general principle is that clubs that have a team that finish in the “bottom 2” of a league will ordinarily be relegated to the next relative lowest league in the following season.
- 43.2 The formal FFNC recommendation to a female player who is aware that she is pregnant, is to cease playing against playing until she has been given a medical clearance to return to playing after the birth of her child.
- 43.3 FFNC rejects any liability, blame or responsibility for any harm that may occur to an individual (or unborn child), if a decision is made by any individual to participate while they are pregnant.
- 43.4 If a player is pregnant there shall be no manipulation verbally by the opposing team or her own team concerning the condition of that player.

44 PLAYERS EQUIPMENT

- 44.1 Players Equipment is fully defined within *Law 4 of the FIFA “Laws of the Game”* (LOTG);
- 44.2 The match referee has an obligation to uphold the terms outlined within Law 4 of the Laws of the Game.
- 44.3 A player who is identified by a match official as wearing incorrect equipment/clothing, will be required to remove or replace such items before being permitted to participate.
- 44.4 Such items may include a different playing shirt, playing shorts, playing socks (noting that a goalie must wear the same strip as outfield players if the goalie assumes a position out of goal through the game), jewellery (regardless of reason for wearing or claims of being unable to remove such an item).

DISCLAIMER; FFNC has the authority to amend or delete any component of Competition Regulations or Procedures, as and when it sees appropriate. Such variations shall be immediately binding on all members and participants within its jurisdiction

- 44.5 A referee is authorised to prevent a player from participating if instructions given about a player's equipment are not adequately responded to by any such participant.
- 44.6 The referee must instruct one team to wear an alternate strip where a clash of shirt colours exists, and a referee is not authorised to "overlook" this for any reason. EVERY club must have an alternate strip available for all teams and which has been approved by FFNC. Please also note that the strip worn by goalies must be different from the outfield players on both teams and the match officials.
- 44.7 FFNC will impose a fine in the amount of \$100 per incident on a club linked with a breach where evidence (e.g. advised by the referee) leads to a conclusion that a player/team/club failed to comply to reasonable directions relevant to "the Player's Equipment".
- 44.8 Every playing shirt must have a distinct number from each other team-mate that reconciles with the number listed next to that player on the match sheet.
- 44.9 The number must be displayed on the back of the shirt at a size and quality that the referee considers is adequately visible.
- 44.10 Bibs are not able to be worn over playing shirts, as an alternative to players wearing numbered playing shirts, even when such bibs are numbered.
- 44.11 All participating female players must wear supporting bras or crop tops under their playing shirts.
- 44.12 Players are permitted to wear prescription glasses subject to the lenses being "sports/safety" design and frames being assessed by the referee as not creating an undue risk to the player wearing the glasses or other participants.
- 44.13 The referee has the authority to exclude any player wearing spectacles considered to be a risk to themselves or another player.
- 44.14 Plaster casts – a player with a plaster cast is NOT permitted to participate regardless of any additional wrapping used to soften the hardness of the cast.
- 44.15 A forfeit may be imposed by FFNC against a team that is deemed to have breached any aspect of Law 4.
- 44.16 The Laws of the Game apply even at Community Football level and Law 4 is perhaps the easiest component to comply with. We invite clubs to share this information with players, coaches and parents, so that the inevitable disputes through lack of understanding of the requirements that apply are no longer part of a game day experience for anyone.
- 44.17 **Jewellery**
- 44.17.1 **Players are NOT allowed to play in ANY competition fixture if they are wearing jewellery (or other like items). The Laws of the Game - Law 4 prohibits the wearing of items including necklaces, rings, visible piercings with studs, earrings, bracelets, watch, leather bands and rubber bands or any item deemed by the referee to be a potential hazard. Visible means 'suspected as being concealed under visible tape'.**
- 44.17.2 **Players CANNOT tape jewellery under ANY circumstances. If a player is unable to remove an item of jewellery, that player is NOT permitted to participate.**
- 44.17.3 Jewellery (regardless of reason for wearing or claims of being unable to remove such an item) CANNOT be worn during play.
- 44.17.4 A player CANNOT tape jewellery under any circumstances as an attempt to gain a concession to removing such jewellery.

- 44.17.5 Match officials are required to make such checks/enquiries as part of the equipment check prior to the game and they are obliged to be vigilant and uphold the requirements of Law 4. Match officials are required to make reasonable checks/enquiries and to instruct players to remove jewellery
- 44.17.6 Any player found to be wearing jewellery during the match will be issued a yellow card and will be instructed to leave the field of play and remove the item(s). They are not permitted to return to the field of play until a future stoppage in the match and only if/when, the referee has confirmed that the player has removed the offending item.
- 44.17.7 FFNC will not provide any exceptions for ANY player to participate by taping jewellery
- 44.17.8 This information is consistent with the requirements of law 4 (players' equipment) in the laws of the game and no person (including any individual match official or administrator), is authorised to deviate from what is mandated.
- 44.17.9 Match officials are also prohibited from wearing (or taping) jewellery except the wearing of one (or two) watches.

44.18 Spectacles

Sports spectacles are recommended, however if they are not sports spectacles, the referee should inspect the equipment to determine they do not pose any danger to the player wearing the spectacles or any other participant. Note however that evidence of the type of lenses is not required, but the referee is authorised to ask the wearer of the spectacles about the type of lenses. Note that the intensity/contact in junior fixtures is generally much less in younger ages (compared to senior football). The type of frame is generally the component that is more likely to be a risk to harm.

If a senior player is wearing spectacles on the field of play during matches, the spectacles should be sport spectacles. This is for the safety of the wearer and other participants.

- 44.18.1 The same conditions apply relevant to a match official who is wearing spectacles.

44.19 Hard Casts

- 44.19.1 Players are NOT allowed to play with a plaster cast or any type of hard cast in any FFNC sanctioned fixtures (whether wrapped in padding or not). They also cannot occupy the Technical Area (unless they are a registered Team Official and have been listed as a Team Official on the match sheet).
- 44.19.2 The appointed centre referee is obliged to enforce these regulations and to further report any concerns to FFNC to enable enquiries to be made with respective clubs.

- 46.2 NOTE that a squad must always have at least eleven (11) eligible players, so a re-grading could prompt a 'second' re-grading (i.e. to a higher league) to comply with this regulation.
- 46.3 An individual player cannot be re-graded to a lower league more than twice in the same season.
- 46.4 Each application will be assessed by FFNC on its merits and is only in effect when/if approved in writing by FFNC.
